

OPPORTUNITY AWAITS

ABORIGINAL HEALTH PRACTITIONER

This is a unique opportunity for an Aboriginal Health Practitioner, to partake in the award winning Healthy Deadly Feet Program.

The Healthy Deadly Feet Program is a state wide initiative to address diabetes related foot disease within the Aboriginal Population. The program provides extensive professional development opportunities and supports clinicians to develop skills in assessing and managing foot related pathology and diabetes education.

The position works closely with the podiatry service based at Tamworth Hospital and provides:

- Inpatient foot assessment to Tamworth Hospital
- Cultural care navigation and support to patients attending the podiatry service and the multidisciplinary high risk foot clinic
- Community engagement liaising with local community groups and flying with the podiatry team throughout the New England Region to provide outreach and community based foot care and education
- Health promotion to the community
