BE WORK READY

Find a fulfilling career and make a difference!

IAHA Group Training is a leading Aboriginal and Torres Strait Islander Group Training Organisation (GTO) designed to create opportunities for growing the Aboriginal and Torres Strait Islander health workforce across diverse industries. As a community-controlled organisation, we build health career pathways and fill the identified shortages in the health and social services sectors for all Australians.

Doing a Traineeship or an Apprenticeship will mean you get the industry knowledge and work experience at the same time. You get to choose the health career you want to study, and at the end of it, you can get yourself a certificate that is recognised by employers all around Australia. You can start earning money while completing your training – either full-time, part-time or even at school.

We are here to help you and get you sorted so you can have the best possible start. If you have any questions or want to yarn about your option, get in touch with us, we would love to hear from you.

Benefits as a Trainee/Apprentice:

- Get yourself a certificate that employers recognise all around Australia.
- Become more confident and show employers your knowledge and leadership skills.
- Earn money while you learn.
- Be work-ready by building on your skills and experiences.
- Let our staff support you so you can succeed.
- Be in control of the way you learn. We will help you take charge of your own training.

To find out more information, contact us on (02) 6285 1010 or email us at grouptraining@iaha.com.au.
