# THINKING ABOUT A CAREER IN ALLIED HEALTH?

*Be a part of the allied health workforce, in a professional role or as a support worker.*

- 🎯 Do you enjoy communicating with others and helping them solve problems?
  - ✓ You can choose a career in social work, psychology, counselling, speech pathology, or occupational therapy.
- 🎯 Do you love sports and enjoy a healthy lifestyle?
  - ✓ You can consider a number of career options such as exercise physiology, physiotherapy or nutrition.
- 🎯 Are you passionate about helping people increase their quality of life?
  - ✓ There is a range of careers available to you including podiatry, optometry, pharmacy, audiology, or dentistry/oral health.
- 🎯 Are you committed to supporting families and communities in providing culturally safe services?
  - ✓ There is a range of Allied Health Assistance and support roles across various sectors.
